Feb 20, 2017 I've made an archive of the working solution. If you encounter error 6 on load it might be due to that. Using a Win7 x64 system . Sep 9, 2017 For Far Cry 4 PC: After running the FarCry4-Fix.exe, exit the game.

Restart FarCry4. Wait until the loading screen. Then press shift + esc.

This should create a new game in your existing game. For the War of the Lions campaign, it should allow you to continue at the second chapter.

For the standalone game, start a new game. I cannot confirm that this will work, but it's worth trying. Aug 10, 2018 Note that this fix is not working

for me, and actually, I can't get a FarCry4 folder! When I try to create a new game, it gives me this error message: Overwrite an existing folder? or: Overwrite an existing save game? or One or more validation

problems have occurred. Far Cry 4
Save Game Fix Cracked - Command

any system with Windows 8
(minimum). It worked on mine but it
also worked without the + after
+"C:\ProgramData\Ubisoft". I don't

know why, but that part seems to be used for an older version. There's also a forum post with screenshots of the same trick. A: First of all, I wish to sincerely thank User Hasnain for helping me. The fix in question was a bit more complicated. For those like me who prefer to use command line, here's the full script. `#!/bin/bash # Clone from herobrain.github.io printf " \`
